New South Wales Chapter

Antiques Seminar Programme

Spring Series 2011

Lectures, group discussions and hands-on explanations of antiques and fine art.

Antiques Seminar Programme

Spring Series 2011

Hands up for hands on!
If you have a hankering to know more about antiques, or you simply want to know what it's like to hold a fortune in your fingers, book now for your place in a series of workshops that let you get a grip on your subject of choice.

Every Thursday in Spring from October through November, a member of the New South Wales Chapter of the Australian Antique and Art Dealers Association hosts a seminar on a specialist subject at their premises. That way you learn the same way the experts do, by having and holding.

Let the years recede and the past come alive in these practical sessions open to anyone interested in jewellery, silver and furniture. In just 90 minutes, insiders' insights will help you be that little more discerning if you want to be a better collector.

Each session is limited to 10–20 people, so everyone gets a go at increasing their expertise. To be sure of your place in this year's workshops, return the booking form with your payment as soon as you can. Sessions run from 6.00 till 7.30 at \$40 a time, GST inclusive. Better still, book four sessions and get the fifth for free.
